

TUKER

Tuker is my cat. He is four which means he is 46 in cat years. My family and I got him a red leash and harness and we take him around my yard. He starts out slow and by the end he is running. He is always hungry and he is black and white. Once I was going to take him outside, but I could not find him, I was afraid that he was lost, but he was stuck in a cabinet. After we found him he jumped on me and licked me. Then we finely took him outside and he was rolling in leaves. He seemed happy to be out of the cabinet. He is scared of thunder and lightning and he always gets cat hair on my clothes. He always pretends he is a tiger when I play with him. When I say come here Tuker he runs to my bed, puts his ears back and runs away. We took him outside and he saw two squirrels. He ran, then they ran up a tree and Tuker was under the tree twitching his tail and the squirrels said; chchchchchchch. When we fist moved into our house we opened the door and Tuker ran out, my mom had to pull him by his tail to get him back inside our house. One morning I started to train Tuker. I got him to wait to go out side. Once I took him outside and he found a pile of weeds and he dug tunnel. When I come home I knock on the door and I hear; MMMMMEEEEEOOOWWWW! One night my mom woke up and smelled skunk and she was so happy that Tuker didn't smell too. Tuker attacked my old cat Sophie. He tried to bite her. He has a white dot on his nose too. If he doesn't want to be held he wiggles when I hold him. Tucker purrs a lot. I love Tucker. He is my best friend.

Where the Red Fern Grows

I have a new book. It is about a dog who is caught in a bad dog fight! I've already read up to page 8. In the book a boy takes care of a hound! He lets him go, but then he closes his gate. He decides to open it because he thinks he will come back. And when he walks in his house he does not turn on his lights. Instead he made a warm crackling fire. The book is called WERE THE RED FERN GROWS. He saves all his allowance to go get two coon hounds. Coon hounds are dogs. I have one.

A CAR ACCIDENT

When I got out of school I had to go to the doctors. And when we went the long way to the doctors my mom said shoot! And when we stopped at a stop light and a lady crashed into my moms RX-8. We all hit the seat at the same time and my mom license plate was damaged and her bumper is broken. But you can't really see it and my mom didn't like it. My sister called my dad and my sister said we got in a car accident. He said oh my God let me talk to your mom! And my mom's car is red and my moms car is a sport car.

Sledding

In the winter I always play in the snow. I have this big sledding hill at my house. And we go sledding every year on it. It is fun because at the end of the hill there is a snow pile and we land flat on the Driveway. Sometimes when I make a jump from when they plowed my driveway. So we go off the steep hill that my dad made with the snow blower. In the driveway we get to go sledding at night. It is fun because we get to be in the dark and you can't see anything but a light from the John Deere and house lights. My sister's and I sometimes hit each other and then we flip over. We get lots and snow down our jackets and our pants.

The Painful Sleep Over!

One day I had a play date with Havier. The first thing we did was play on his Xbox360. I beat him head-to-head. But then it got tough! We played a war game and he shot my guys one by one. After that we played catch. But Havier broke the light. Then I screamed. I opened the door swiftly! And the dog bit me. It really hurt. We went up stairs. We picked the glass out of my hand. Then he came to my house.

Florida

In November, over Thanksgiving break, I'll go to Florida! I'm so excited! We are going to Sanibel Island for a week. I've been before a few times, but that was maybe every summer since I was in my mother's belly, until I was maybe 2 years old. I have remembered one story all these years, though. I had been read monster stories before. My dad was making something on the grill, and it was dark out. I was outside with my dad, and there was a clump of trees outside where we were standing. I remember being very scared, because it looked like the very place a monster would pop out of any moment. (None did, though!) Mrs. Nelson says that there are a lot of shells there. It's not long until we go to Florida, at least under twenty days. I can't wait to go!

Bit by a Dog

By Anthony

When school was out for vacation. When it was vacation I got bit by a dog and I cried. I was bleeding so badly I got a band aid. I had tape because blood was all over my pinky. I got punished from TV but when I got bit by a dog I got to watch A Bug's Life.

My Pets

I have two rabbits. They are lion rabbits. They are not ordinary rabbits. When they grow up, they have a thing around their neck like real lions. Their names are Puff and Poof. I have a parrot. I named him Diogo. When you stick your finger in his cage he walks over and bites it. It tickles. I have a cat also. His name is Boy Kitty. When he doesn't see people he chances his tale. One time I saw him do a flip, it was funny. The rabbits are really fluffy. I have the light tan one. My sister has the dark tan one.

When I got the Wind Knocked Out of Me

I got the wind knock out of me from football. I had the ball and someone, I don't know who, he shoved the ball into my rib and kneed me in my rib. He punched me in my rib again. It really, really hurt. They didn't even call it a penalty.

The Birthday

On Sunday it was my cousins birthday and my other cousins birthday too. My first cousin's name is Erica. She turned eighteen. My second cousin's name is Emma. She turned one. Emma's cake was Elmo and Erica's cake was a pumpkin. It was not very fun. The only thing I liked was the chicken that my aunt makes it's awesome!!!! She only makes it on special occasions. It was the first time I had it in a long time.

Isabelle and James make Mischief

One day my two uncles, my dad, my two cousins and I got in our boat and paddled to our dock. I don't like to swim so far out so I just rowed out there with them. I watched them jump off the dock. I said to my cousin James are you all done jumping off the dock and swimming? He said "yes!" He got in the boat and went to untie the boat but my uncle, his dad, tied us back up again. Then James untied us and we rowed away. My cousin Matt, my two uncles and my dad had to swim through the lily pads to get back to shore. James and I laughed and laughed. Matt was very mad! My dad jumped up and scared us! We ran and ran! Now that was a great day!

The Thing I Know About Windows

Once I was closing the door at my old house in Turner's Falls after a day at school. At Hillcrest School in about the year of 2005. My brother was only about 9 months old, or younger, when my hand slipped and went through the glass of the door window. My Mom heard it and left my brother and he fell off the couch. I had a cast on my arm for about a week.

My Cat

One day before school I was looking for my cat Ethan. My brother and my mom were helping me find him. My mom looked at the house. And my brother and I looked around the rest of the town. My brother and I thought he ran away. Then we thought that my dog could sniff him out but that didn't work so well. Then we thought we saw something that looked like him lying down. We were so happy but it was just a pile of leaves. Then my mom called us. We ran over she had found Ethan. We were so happy.

My Halloween

This is about my Halloween. First I went on a hay ride with Amun. Then I went trick or treating. I got seven pounds of candy. Then I went home. But before I went to bed I went to my aunt's house and got Poprocks. I got strawberry and watermelon. And I saw two very funny customs. One was a boy dressed as a girl and the other one was a boy dressed as wonder women.

THE WHALE WATCH

At summer camp last year I went on a whale watch with my camp and my family. My parents and I almost missed the bus but luckily we didn't. I am glad we didn't because the bus was awesome. It had a foot rest and a T.V. on every other set and the chairs were very comfortable too. When we got to the whale watch in Boston. It was not time to get on the boat yet so we checked out Boston Harbor. While we were checking out the Boston Harbor we stopped to get ice cream. Then it was time to get on the boat. The boat was huge. It had a dock where you look out into the ocean. There also were three floors inside where you could sit if you got sea sick but you could still see the ocean through the windows. When we were done moving saw lots of whales and luckily for us my mom brought her camera. When we got back on the bus we went to McDonalds for dinner. After McDonalds I went to sleep. Then we got off the bus and went to sleep.

Winnepesaukee

Three years ago my mom, dad, my cousins, and I went to Wolfeboro, New Hampshire on summer break. I had so much fun. I went on the boat and went tubing for my first time. I flipped over in the tube. My mom was on the deck, she saw me flip and she was scared. We stayed Sunday to Saturday, on Thursday my cousins had to go but... my friend Rebecca came for Thursday to Saturday. We slept in a roll out bed in my mom's and dad's room. I slept there the whole week. My friend Rebecca dose not like to go tubing by her self but if I go with her she will go. I saw some tubes that were flying in the air. When we came home from Winnepesaukee, Becca stayed for 3 hours and then her gram had to bring her to the farm.
